MEMOLUB Installation Kits

These installation kits are perfect for quickly installing any model of MEMOLUB® lubricator. The kit includes a mounting bracket and your choice of push-in tubing fittings for 5/16" O.D. nylon tubing. For extra protection in harsh or outdoor environments, kits with protective covers are also available. Pre-filled nylon tubing is sold separately - see page 9.

Chain & Gear Brush Applicator Assemblies

These brush assemblies are great for lubricating chains or gears. The base assembly, part # IPCA-X, includes 24" of 5/16" OD nylon tubing, a tubing fitting with a 1/4" NPT male thread to connect to the lubricator, and your choice of applicator. You can add a mounting bracket and/or check valve for oil applications

ORDERING PRE-FILLED NYLON TUBING

To make the installation even easier we offer pre-filled nylon tubing with the same grease that's in your lubricator. Simply mount the lubricator, install push-in fittings, cut the filled tubing to length then plug the ends into the fittings and you're ready to go, just Plug-n-Lube™.

Pre-filled nylon tubing is sold in 5 foot increments from 5 to 30 foot . Smaller O.D. tubing is available but overall length will be determined by the characteristics of the lubricant.

Power Lube Industrial stocks over 200 lubricants to meet your equipment requirements. Our Lube List is constantly changing so if your lubricant is not listed please give us a call.
